Banner

The banner only appears at the bottom or top of the page when you are in the application. The height of the banner is 250 pixels.

In the “Banner” tab there is a list of possible settings for this set of banners :

- “Enabled” (Y/N)
- “Banner position” : up or down
- “Automatic scrolling every X seconds”. Enter a value
- “Limit to X views” this number is linked to the smartphone.
- “Limit to X clicks” on the ad, number always linked to the smartphone

The screenshot shows the 'CAMPAGNE D'ANNONCE' interface. The 'Bandeau' tab is selected, displaying the following settings:

- Activé:** A toggle switch that is currently turned off.
- Position de la bannière:** A dropdown menu set to 'Haut'.
- Défilement automatique toutes les X secondes:** An empty input field.
- Limiter à X visualisations:** An empty input field.
- Limiter à X clics:** An empty input field.

Below the settings is the 'MÉDIAS' section, specifically the '- Image - Inactif' sub-tab. It contains:

- Libellé:** An empty text input field.
- Type de média:** A dropdown menu set to 'Image'.
- Média:** A section with a 'Choisir un fichier' button and the text 'Aucun fichier choisi'.

A small note at the bottom of the media section reads: 'Résolution recommandée : 1500x250 avec une marge de 30px en haut et'.

Add a banner

To add a banner click on “Add a media” it appears:

Limiter à X visualisations

Limiter à X clics

Type de média * Image ▼

Média Aucun fichier choisi
Résolution recommandée : 1500x250 avec une marge de 30px en haut et en bas

Redirection au clic * Pas de redirection ▼

Activé

Enter :

- Wording
- “Type of image”: for now, always stay on “Image”.
- “Media” : click on “Choose a file” then select your image
- “Redirection on click”: if needed, redirection of the application on an element
- “Activated: (Y/N)

Attention : the dimensions of this banner must respect a ratio of 1500×250 pixels. And to make sure that your image is not “truncated” at the top and bottom, we advise you not to enter anything important on a banner at the top and bottom of 30 pixels each.

Once created, it is possible to add other banners by clicking on the “Add a media” button.
