## QR Code Scanner

This element allows you to read a QR-Code in order to position yourself directly on the page associated with it.

**In the navigation, its line will always be preceded by its logo :**

## General tab

Global information of the element "QR-Code Scanner", list of fields :

- **Title**
- **Subtitle**
- **Type of content** : "QR-Code Scanner"
- **Display** : "Default" for a "QR-Code Scanner" item
- **Parent** : element that will be the parent of this element
- **Order** : display order that depends on the parent. If "Parent" = "None", then this item will appear in the top left menu
- **Enabled** : Y/N
- **Visible** : Y/N
- **Publication start date** : useful for showing this item at a specific date and time.
- **End of publication date** : convenient to make this item disappear at a specific date and time. If there is none, it will be displayed all the time.

## Content tab

List of fields :

- **Keywords** : list of keywords allowing to quickly search this element when using the “Search Engine” element or if you activate the search in a folder.

## Visual tab

Allows you to choose the visual appearance of the “QR-Code Scanner” item BEFORE clicking on it, list of fields :

- **Titre visible sur Grille et Bannière** : If this element is part of a container, that is to say for example if this element “QR-Code Scanner” is a child of a field and if the display chosen in this field is either “Grid” or “Banner”, then there is the possibility to display or not the title of this element “QR-Code Scanner” in the image :

Titre

Sans titre

- **If Card View** : If this element is part of a container, i.e. if for example this element “QR-Code Scanner” is a child of a field and if the display chosen in this field is “Card View”, then there is the possibility to display this element “QR-Code Scanner” in full width or half width. The combination of the 2 choices is possible:

Demi  
largeur

Pleine  
largeur

- **Icon** : Used for display in the top left menu, or if this item is one of the children of a container (heading for example) whose display is "Title", "Subtitle", "Distances" or "Glossary".

Menu

Affichage  
Titre

- **Miniature** : Used for a "Grid" display or replaces "Icon" if it does not exist.
- **Banner** : Used for display in "Banner" mode.

If there is an image in the three fields "Icon", "Thumbnail" and "Banner", then **there is an order of priority** for the choice of the image that will be displayed :

1. Banner
2. Miniature
3. Icon
4. If element "Page": image of the content of this page

**Caution** : if the display of this item is "Title", "Subtitle", "Distances", "Glossary", "Grid" and "Card

View" (full width), then the image shape must be square and if the display is "Banner" or "Card View" (half width), the image shape must be rectangular with a ratio of 1440×800 pixels. Otherwise, your image may be truncated at the top and bottom, or right and left.

## **Coordinates tab**

This tab is not used for the "QR-Code Scanner" item.

## **Others tab**
